

Multimix Basket Mill HSM 2105 BKM

[Explosion Proof Type]

The **Multimix HSM 2105 BKM** is specially designed for all milling processes in the ink, coating and pesticide industry which require particle sizes below 10 microns. This unit is suitable for 1 liter and 3 liters and comes with a gas spring lifting system in the stand which allows the user to easily lift the unit.

The main advantages are:

- Easy to clean
- Economical basket replacement
- High Flow rate
- Low heat generation

Specifications

Model No	HSM 2105 BKM
Power	1HP AC Motor in Mild Steel Housing
Drive	Single Phase 110/220V, 50/60Hz
Digital Inverter	Sensor Less Vector Control (Spark Proof)
Speed	Electronic Variable Speed Inverter 0-6000rpm
Material	SS 304L Wetted Parts
Mixing Capacity	1 liter & 3 liters
Accessories	Gas Spring Lifting System

Optional Attachments

Quick Interchangeable Accessories Without Tools

Mixing	High Flow Mixer 83mm Quad Paddle Mixer 83mm, 140mm & 210mm
Dispersing	Disperser Blade 63mm, 83mm, 103mm & 125mm
Emulsifying	Rotor/Stator "V" Design, Single/ Double Vortex 65mm Rotor/Stator "V" Design, Single Vortex 50mm
Accessories	Crimping Clamp / Basket 1 liter & 3 liters

Basket Retainer
