

# Multimix Heavy Duty Vacuum High Shear Mixer

## [Heavy Duty Type]

VMC is specially designed for requirements in the industry of inks, paints & coatings, silicone sealants, adhesives & chemicals which require mixing, dispersing and emulsifying in a single process under vacuum. It is able to mix materials from medium to high viscosity up to 1,000,000 cps.

### Specifications

Model	Capacity	High Speed Disperser (HSD)/ High Shear Mixer (HSM)		Anchor Mixer	
		hp	rpm	hp	rpm
VMC50	50	3	0-1500/3000	1	0-50
VMC100	100	5	0-1500/3000	2	0-50
VMC200	200	7.5	0-1500/3000	3	0-50
VMC300	300	10	0-1500/3000	3	0-50
VMC500	500	15	0-1500/3000	5	0-50
VMC1000	1000	20	0-1500/3000	7.5	0-50
VMC2000	2000	25	0-1500/3000	10	0-50

### Optional Attachments

- Inline High Shear Mixer
- Triple Shaft Mixers
- Explosion Proof AC Motor / System
- Safety Limits Switch
- Panel Controls with Frequency Inverters /
- Explosion Proof Remote Control
- Drum Clamps
- Planetary Mixer
- Press Machine
- Powder Transferring System
- Vacuum System
- Weighting System

Dual Shaft Mixer

Triple Shaft Mixer

VMC 500

Anchor Paddle Mixer

Anchor and Batch HSM
